

UTAC has pleasure in sending you the September 2007 edition of the r.a.c.e. CD-ROM. This edition contains the **European Community Automobile Regulations** in English and in French.

Documentary base update

Amendments of Regulations :

Environment :

- * N° 117 - Rolling sound emissions and adhesion on wet surfaces.

Amendments of directives :

- * Regulation (EC) No **715/2007** is added - Type approval of motor vehicles with respect to emissions from light passenger and commercial vehicles (Euro 5 and Euro 6) and on access to vehicle repair and maintenance information. Moreover, it amends Directives **70/156/EEC** and **2005/55/EC**.

Note : The framework Directive 2007/46/EC - establishing a framework for the approval of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles - and repealing in the future directive 70/156/EEC, was published to the Official Journal on 9th October 2007, whereas this update of September was already in the press. Then you will then find this framework directive in your next edition of December (available at the end of December 2007 or beginning of January 2008). Meanwhile, we suggest you to consult this directive on our web site <http://www.utac.com>.

In the next update of December, you will also find the texts that will be voted during the **143rd session** of the World Forum for Harmonization of Vehicle Regulations (WP.29).
